

## Ohio Revised Code

### Section 2113.20 Will proved after administration as of an intestate.

Effective: January 13, 2012

Legislation: Senate Bill 124 - 129th General Assembly

---

If a will of a deceased is proved and allowed after letters of administration have been granted as of an intestate estate, the first administration shall be revoked, unless before the revocation a complaint contesting the probate of the will is filed in the probate court. If a complaint of that nature is filed, the probate court may allow the administration to be continued by the original administrators until the final determination of the contest. If the will is sustained, the first administration shall be revoked. In either case, upon revocation of the first administration and the appointment of an executor or administrator with the will annexed, that executor or administrator shall be admitted to prosecute or defend any suit, proceeding, or matter begun by or against the original administrator, in the same manner as an administrator de bonis non is authorized to prosecute or defend a suit commenced by a former executor or administrator.
