

## Ohio Revised Code

### Section 319.58 Use of false weights and measures.

Effective: August 1, 1959

Legislation: House Bill 152 - 103rd General Assembly

---

If any person uses any weights, measures, or beams, in weighing or measuring, which do not conform to the standards of the state, or any other measures established by law, whereby a dealer in, purchaser of, or seller of any commodity or article of traffic is injured or defrauded, such dealer, purchaser, or seller may maintain a civil action against the offender, and if judgment is rendered him, he shall receive double damages and costs of suit.
