

## Ohio Revised Code

### Section 3314.082 Community schools; application for funds.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

---

A community school shall be considered a school district and its governing authority shall be considered a board of education for the purpose of applying to any state or federal agency for grants that a school district may receive under federal or state law or any appropriations act of the general assembly. The governing authority of a community school may apply to any private entity for additional funds.
