

Ohio Revised Code

Section 3919.05 Mortality experience or table.

Effective: October 1, 1953

Legislation: House Bill 1

Unless an association transacting business under sections 3919.02 to 3919.10, inclusive, of the Revised Code, provides otherwise, the actual mortality experienced on all outstanding contracts shall be determined and distributed between all such contracts in proportion to the cost of insurance on the basis provided in section 3919.02 of the Revised Code, or such other mortality table approximating the experience of the association as it may provide.
