

## Ohio Revised Code

Section 4939.0329 Construction, modification, or maintenance of oversized pole or wireless support structure under public way.

Effective: August 1, 2018

Legislation: House Bill 478 - 132nd General Assembly

---

A person may construct, modify, or maintain a utility pole or wireless support structure along, across, and under a public way in excess of the size limits, to the extent permitted by the municipal corporation's applicable regulations.
