

Ohio Revised Code

Section 4951.33 Construction of street crossings.

Effective: October 1, 1953

Legislation: House Bill 1 - 100th General Assembly

When the part of the railway of an inclined-plane railway company which is operated by steam power crosses a public street or highway, it must pass either over or under such street or highway, and shall be constructed in a manner and at such distance above or below it as not to obstruct the ordinary use of the street or highway.
