

## Ohio Revised Code

### Section 6112.04 Supervision of a registered engineer.

Effective: October 23, 1972

Legislation: Senate Bill 397 - 109th General Assembly

---

The construction of the facilities for which plans have been approved by the director of environmental protection shall be performed under the supervision of a registered engineer, in a manner acceptable to the director. Such registered engineer shall be employed by the applicant at his own expense.
