

Ohio Revised Code

Section 925.02 Standards, grades, weight classes for shell eggs.

Effective: June 20, 1994

Legislation: Senate Bill 134 - 120th General Assembly

The standards, grades, and weight classes for shell eggs adopted by the United States department of agriculture, agricultural marketing service, poultry division, effective July 1, 1958, are hereby adopted as the standards, grades, and weight classes for shell eggs of this state, provided that the term "United States" or "U.S." need not be used in designating the grades or weight classes of shell eggs and the term "consumer" need not be used in designating the consumer grades and weight classes for shell eggs.

Supplements to and revisions of the above federal standards, grades, and weight classes for shell eggs shall be adopted by the director of agriculture in accordance with Chapter 119. of the Revised Code.

Sections 3715.01, 3715.02, and 3715.52 to 3715.71 of the Revised Code apply to shell eggs when such sections are not in conflict with sections 925.01 to 925.13 of the Revised Code.
