

Ohio Administrative Code

Rule 109:2-15-05 Credit for prior equivalent training.

Effective: October 1, 2003

A person requesting credit for prior equivalent humane agent training must submit documentation of successful completion and the course curriculum to the employing county humane agency for review. The county humane society, in reviewing said training, shall note the hours, subject matter, instructor qualification, final student evaluation, and if the course was certified by an accrediting agency in determining if it is considered equivalent training. Portions of the minimum training for which credit has not been granted must be completed by each humane agent. Documentation of all training completed, or for which credit has been granted, must be maintained by the employing county humane agency.
