

Ohio Administrative Code Rule 109:2-9-10 Examination.

Effective: June 1, 2001

(A) The Ohio peace officer training commission will prepare, conduct, and score a state examination for each person completing the school. Each student for whom a certificate of completion is recommended must pass the state examination with a minimum score as determined by the commission.

(B) No person shall participate in the state examination who has been evaluated as unsatisfactory for any topic included in the technical skills unit of instruction or in any other topic designated by the executive director.

(C) The results of the state examination shall be made known to the commander within five business days of the date administered. Persons failing to achieve the designated minimum score shall be eligible for one retest. This test shall normally be given within two weeks of the date the commander is notified of the results of the first examination. The results of the retest shall be made known to the commander within five business days of the date administered. Students who fail the retest shall not be permitted to take the state examination again until they successfully complete another school.
