

Ohio Administrative Code Rule 111:1-3-39 Search requests-optional information.

Effective: February 2, 2020

Search requests may include the following:

(A) Copies.

The request may limit the copies of UCC records that would normally be provide with a search report by requesting that no copies be provided.

(B) Scope of search.

A search request may ask for a search that reports all records or all unexpired records from the UCC information management system's searchable index.

(C) Mode of delivery.

A search request will be delivered through the UCC information management system.
