

## Ohio Administrative Code

### Rule 111:1-4-02 Electronic signature for business services filings.

Effective: January 25, 2016

---

(A) No person or entity shall file a form by electronic means until that person or entity receives from the Ohio secretary of state's office a user name, password, and electronic signature for that purpose. The term "electronic signature" shall have the meaning set forth in division (H) of section 1306.01 of the Revised Code.

(B) The combination of user name, password, and electronic signature constitutes the electronic signature of each person or entity that files a form by electronic means.
