

Ohio Administrative Code Rule 111:3-2-04 Terms of oversight.

Effective: [March 28, 2022](#)

The secretary of state, assistant secretary of state, or the secretary's designee shall determine the terms of oversight based on the nature of any significant condition discovered. The terms of oversight may range from requiring the director, deputy director, two board members of opposite political parties, and other relevant board of elections staff to participate in regularly scheduled conference calls or in-person meetings with secretary of state's personnel, to implementing regular, on-site supervision by the secretary of state's office of the day-to-day activities of the board of elections or other terms as deemed necessary or appropriate based on the nature of any significant condition discovered. In the event that a board of elections has insufficient board members or employees to administer elections, the secretary of state, assistant secretary of state, or the secretary's designee may appoint designees to ensure continued operation of the board of elections until the board can operate independently.
