

Ohio Administrative Code

Rule 111:3-9-09 Certification; notification to boards.

Effective: January 25, 2016

The secretary of state shall notify all boards of elections of any certification of equipment within sixty days of determination. Such equipment may then be adopted for use at any election under the following conditions:

- (A) The equipment is the same model and make as the certified equipment;
 - (B) The equipment provides for recording of voter intent;
 - (C) The equipment provides for system security;
 - (D) The equipment provides for voter privacy;
 - (E) The equipment provides for retention of the vote;
 - (F) The equipment provides for communication of voting records in an identical manner as the certified equipment.
-
