

Ohio Administrative Code

Rule 122:30-1-07 Review for public record information.

Effective: December 16, 2021

Development will review all submitted information in an application, challenge to an application, or program grant report for proprietary or trade secret information or information that is otherwise exempt from disclosure as a public record under the Revised Code. Trade secret and proprietary information has the same meaning as the term trade secret in division (D) of section 1333.61 of the Revised Code. The broadband provider is to conspicuously identify information as a trade secret or proprietary information. If a broadband provider fails to conspicuously identify information as trade secret or proprietary to development when submitted it may be public record information unless an exemption under the Revised Code otherwise applies. Development will not publish or otherwise distribute information it determines to be exempt from disclosure as a public record except as provided by law.

(A) Development will complete its review of all submitted information in applications submitted during an application period within thirty-five days of the close of each application period.

(B) Development will complete its review of all submitted information in revised applications submitted in response to partially or wholly suspended applications under an upheld challenge within fourteen days of the receipt of the revised application.

(C) All other information submitted to development will be reviewed for proprietary or trade secret information prior to all required public information being posted on the program website as may be required under Chapter 122. of the Revised Code.
