

Ohio Administrative Code

Rule 1301:3-7-03 Backflow technician examination.

Effective: May 28, 2021

(A) Upon submission of an application pursuant to rule 1301:3-7-02 of the Administrative Code and approval by the superintendent or superintendent's designee of the applicant's qualifications, the applicant shall be permitted to sit for the backflow technician examination.

(B) The examination shall be prepared, administered, and scored by the division or its designee. The division or its designee may provide computer-based testing options for all portions of the examination that do not require a face-to-face practical examination.

(C) If reexamination occurs, an additional fifty dollars must be submitted to the division of industrial compliance or its designee.
