

Ohio Administrative Code

Rule 1301:3-7-05 Renewal of a Certificate as a Backflow Technician.

Effective: February 2, 2006

(A) An applicant for renewal of a certificate as a backflow technician shall meet each of the following requirements:

- (1) Completion of a minimum of an eight-hour backflow course by an approved training agency;
 - (2) Passage of a mandatory practical test conducted by an approved training agency in accordance with the "Backflow Prevention & Cross-Connection Control Manual" of the division; and
 - (3) Submission of a payment of a renewal fee of seventy-five dollars every three years.
-
