

Ohio Administrative Code

Rule 1501:13-11-01 Other transportation facilities.

Effective: [October 27, 1982](#)

Railroad loops, spurs, sidings, surface conveyor systems, chutes, aerial tramways, or other transportation facilities shall be designed, constructed or reconstructed, and maintained and the area restored to:

(A) Prevent, to the extent possible using the best technology currently available:

(1) Damage to fish, wildlife, and related environmental values; and

(2) Additional contributions of suspended solids to streamflow or runoff outside the permit area. Any such contributions shall not be in excess of limitations of state or federal law.

(B) Control and minimize diminution or degradation of water quality and quantity;

(C) Control and minimize erosion and siltation; and

(D) Prevent damage to public or private property.
