

Ohio Administrative Code

Rule 1501:46-12-12 Dock construction permit required.

Effective: July 16, 2021

No person shall construct or maintain a dock, moorage, tie-up, or other structure for the purpose of mooring vessels on, over, or adjacent to the lands or waters of the division without first having applied for and received a written permit from the chief of the division or the chief's authorized agent.

(A) Persons desiring to construct and maintain a dock, moorage, tie-up, or other structure for the purpose of mooring vessels on, over, or adjacent to the lands or waters of the division must submit a written request to the chief of the division, indicating the exact location, size, and type of the proposed dock, moorage, tie-up, or other mooring structure.

(B) The chief may issue a construction permit to the applicant if the following conditions are met:

(1) The design of the proposed dock, moorage, tie-up space, or other mooring structure is in compliance with the standard plans and specifications of the division for vessel moorages, and;

(2) The proposed location of the desired dock, tie-up space, or other structure for the mooring of vessels will not interfere with navigation or facility management or development of the lands and waters under the management authority of the division.
