

Ohio Administrative Code

Rule 1501:46-14-02 Ground cover requirements.

Effective: July 16, 2021

No person shall operate a snowmobile or cross country ski on any division designated area, road, or trail unless the subsurface soil of said area, road, or trail has been determined by the division to be solidly frozen and completely covered with snow or ice. Said areas, roads, or trails shall thereafter be posted by the division as open or closed in accordance with existing weather conditions.
