

Ohio Administrative Code Rule 164-1-17 Multi-subdivision projects.

Effective: February 15, 2024

The director shall not approve, and the administrator shall not recommend, any project involving the participation of two or more subdivisions unless the project applicant supplies a binding agreement, signed by an authorized agent or representative of each such subdivision, that the subdivision will cooperate fully with the applicant, including the execution of all needed legal actions, to ensure completion of the project as planned.
