

Ohio Administrative Code Rule 164-2-07 Engineering fees.

Effective: February 15, 2024

Engineering fees shall be clearly delineated on all applications for funding submitted to the commission that include improvements. If engineering fees are not sufficiently delineated the commission may request the engineer of record to delineate the services more specifically to be provided associated with the engineering fees. The estimate must bear the official seal or stamp and signature of a professional engineer who is registered under Chapter 4733. of the Revised Code attesting to the prudence of the dollar amounts contained in the estimate.
