

## Ohio Administrative Code

### Rule 3301-24-22 Career-Technical Workforce Development Teaching Licenses.

Effective: July 1, 2019

---

(A) A two-year initial career-technical workforce development teaching license, valid for teaching career-technical education or workforce development programs in grades four through twelve, shall be issued upon request from the superintendent of a city, local, exempted village, joint vocational school district, educational service center, or the governing board of a chartered non-public school or community school, to an individual who meets the requirements specified in division (C) of section 3319.229 of the Revised Code and is deemed to be of good moral character.

(B) A five-year advanced career-technical workforce development teaching license, valid for teaching career-technical education or workforce development programs in grades four through twelve in any city, local, exempted village, joint vocational school district, educational service center, or the governing board of a chartered non-public school or community school, shall be issued to an applicant who has successfully completed the requirements specified in division (D) of section 3319.229 of the Revised Code and is deemed to be of good moral character.
