

Ohio Administrative Code

Rule 3301-3-02 Qualifications for information technology centers and user entities.

Effective: May 22, 2010

(A) An information technology center is established by user entities, provides or plans to provide information technology services to user entities, and holds the appropriate site permit as defined in paragraph (A) of rule 3301-3-03 of the Administrative Code.

(B) A user entity meets the definition in paragraph (B)(22) of rule 3301-3-01 of the Administrative Code, and uses or expresses the intent to use services provided by an information technology center.
