

## Ohio Administrative Code Rule 3318-3-05 Guidelines for leased facilities.

Effective: January 10, 2016

---

(A) Leased facilities shall employ cost-effective, energy efficient, green building practices to the maximum extent possible.

(B) An energy consumption analysis shall be disclosed to the Ohio facilities construction commission prior to the execution of the proposed lease.

(C) The lessor shall cooperate with the lessee to implement cost effective methods of increasing energy efficiency.
