

Ohio Administrative Code

Rule 3335-105-11 Approval for aircraft to land and/or takeoff on university property.

Effective: July 1, 2002

The landing or takeoff of all aircraft on property owned or operated by the university shall be approved in advance by the assistant vice president for public safety with the following exceptions:

- (A) Aircraft operations at the airport shall be approved by the airport manager
- (B) Aircraft operations at the university hospital heliport shall be approved by the heliport administrator.
- (C) Aircraft operations at the transportation research center shall be approved by the centers chief of security.
- (D) Aircraft operations related to official law enforcement activities.
- (E) Emergency landing of aircraft.

Approval to operate aircraft on or from university property, from locations or for circumstances other than those stated above, shall be in written form and shall include the purpose, time, date, location and identification of the pilot and aircraft involved.
