

Ohio Administrative Code Rule 3335-107-06 Dental practice group.

Effective: July 30, 2001

A dental practice group has been established with the approval of the dean. The dental practice group may include one hundred per cent of the full-time faculty members. As a condition of faculty employment, all full-time faculty members who desire to conduct an intramural practice will be required to become and remain employees of the dental practice group. Full-time faculty members, who were employees of the dental practice group existing on January 5, 1998, will remain so or become and remain an employee of any practice group deemed to be a successor of the existing dental practice group. The dean shall make the determination of a successor practice group.

The dental practice group shall contract with the college to render dental services in the dental faculty practice pursuant to this plan and to administer the patient care practice of the full-time faculty members conducted pursuant to the terms of this plan. The revenues collected for the delivery of dental services by the dental practice group pursuant to this plan shall be distributed as follows:

(A) An amount determined under the faculty members contract with the dental practice group shall be payable to such individual faculty member as compensation, subject to no further university limitations.

(B) A percentage of such revenues, as agreed upon by the authorized fiscal representative of the university and the dean, shall be set aside to compensate the university for the costs (direct and indirect) associated with the dental facilities provided at the university. This percentage amount shall be no less than ten per cent of such revenues.

(C) The remaining revenues, after deducting the amounts paid pursuant to paragraphs (A) and (B) of this rule, shall be retained by the dental practice group to be used as determined by the dental practice group.

Full-time faculty members who have contracted with the dental practice group to render such

services shall render all dentistry services at the dental faculty practice pursuant to this plan. The dean shall be entitled to review the dental practice groups decision-making process and governance documents in order to ensure academic quality and productivity within the college.
