

Ohio Administrative Code Rule 3335-7-33 Procedures for appointment.

Effective: July 9, 2013

Procedures for appointment of research faculty shall be established by the college, school or department making such appointments and set forth in that units appointments, promotion, and tenure document and approved by a vote of tenure-track faculty of the unit and the office of academic affairs. Appointments at the rank of research associate professor or research professor require prior approval of the relevant college and the office of academic affairs.
