

Ohio Administrative Code

Rule 3335-9-23 Minimum scholastic requirements.

Effective: [October 16, 2023](#)

(A) Rules 3335-9-23 to 3335-9-28 of the Administrative Code shall apply only to undergraduate students (as defined in rule 3335-9-01 of the Administrative Code). The academic standards controlling warning, probation, and dismissal of professional and graduate students shall be established by rule of the faculties of the college in which the professional student is registered, or of the graduate school if the student is a graduate student; provided, however, that an undergraduate professional student shall not be dismissed from the university unless they have first been placed on probation following their most recent past quarter, semester, or term of enrollment.

(B) Application of rule to transfer students. For the purpose of this rule the point-hour ratio of a transfer student from another university, who is admitted to advanced standing in this university shall be computed only upon work done at this university.

(C) Requirements and definition. A cumulative point-hour ratio (see rule 3335-8-26 of the Administrative Code) of at least 2.00 is required for graduation (see rule 3335-9-30 of the Administrative Code). Students below a 2.0 will remain eligible to enroll at the university, subject to the terms of their probation, as long as they have not been academically dismissed. Deficiency points are applied only to the records of students whose cumulative point-hour ratio is below 2.00 and are defined as the number of credit points a student would have to earn to bring their cumulative point-hour ratio up to that level. Deficiency points may be calculated by subtracting the total number of credit points earned from twice the total number of credit hours attempted for which calculable grades ("A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN") were given.
