(1) Dean's list

(2) Graduation with academic honors

The record of each undergraduate candidate for graduation with a very high grade point average is carefully reviewed by the university committee on honors and awards so that appropriate recognition and honor may be accorded each student who has achieved outstanding academic success throughout their undergraduate years at Bowling Green state university. The tentative honor, announced at commencement and released to the newspapers, is calculated without the grades from the student's last academic semester. The final honor that is on the permanent record and diploma is based on the student's Bowling Green state university academic record. To be eligible for academic honors, students must earn a minimum of sixty letter-graded credit hours at BGSU for baccalaureate degrees and a minimum of thirty letter-graded credit hours for associate degrees.
