

Ohio Administrative Code

Rule 3341-3-37 Concurrent enrollment- undergraduate.

Effective: July 10, 2018

(A) Policy statement and purpose

This university policy is part of the undergraduate catalog. The undergraduate catalog provides university academic policies and information about program requirements. The undergraduate catalog is updated each semester and can be found at <http://www.bgsu.edu/catalog/academic-policies.html>. Colleges and departments may have additional or more specific requirements or policies that relate to an individual program. Students are advised to become familiar with the undergraduate catalog as well as specific requirements and policies related to their degree program.

(B) Policy

Concurrent enrollment at Bowling Green state university and the university of Toledo allows a student with at least a two point zero GPA to take courses at both universities and receive credit toward a degree. To be enrolled concurrently during a single semester, a student must be registered for at least one course at both institutions. If a Bowling Green student takes all courses at Toledo during a single semester, then that student must register at the university of Toledo as a transient or guest student. See BGSU students enrolled as guests at another institution. University of Toledo students are admitted to BGSU as guest students to participate in this program.

Under this policy, the university that has most recently granted formal admission to the student is designated as the home university. The other university is the host institution.

A student registering for at least one course at both universities and for eight hours or more of coursework at the home university shall pay all fees to the home university. If a student registers for fewer than eight hours at the home university, instructional, general, and nonresident fees are to be paid at the separate universities. Special course fees are payable to the teaching institution.

All coursework taken under concurrent registration will be registered at each university. It will be

included in the calculation of a student's grade point average at the home university. Students must obtain the approval of the proposed course work from the office of the dean of their college before enrolling in concurrent courses at the university of Toledo.

Coursework completed at the university of Toledo may not be used to delete an "F" or other low grades previously earned at Bowling Green state university in grade point average computation.

Concurrent enrollment forms are available through the office of registration and records at either institution (see BGSU office of registration and records).
