

Ohio Administrative Code

Rule 3344-27-01 Cleveland state university health and safety policy.

Effective: August 13, 2018

(A) Purpose.

The intent of Cleveland state university's health and safety policy is to promote compliance with all applicable federal, state and local environmental, health and safety laws and regulations. This policy applies to all faculty, staff, students, researchers, and all other individuals working at Cleveland state university.

(B) Responsibilities.

Safety is the responsibility of each person at Cleveland state university. All members of the university community are individually and collectively the owners of safety and share the responsibility to provide and maintain a safe environment. Each individual shall comply with all environmental, health and safety regulations and university policies, programs and procedures; perform work in a safe and sensible manner and act to ensure the health and safety of self, coworkers, fellow students and all others at the university.

(C) Enforcement.

The office of environmental health and safety is authorized to establish procedures, guidelines and programs to fulfill the purpose of this rule. Compliance with this rule along with those procedures, guidelines and programs is mandatory. Violations may result in disciplinary measures in accordance with the appropriate rule or bargaining agreement.
