

Ohio Administrative Code

Rule 3357:15-13-32 Required student orientation for web-based courses.

Effective: [May 29, 2020](#)

(A) Students enrolled in a web 2, web 3, or web 4 course for the first time must complete the required e-learning orientation course, succeeding online, found in the learning management system (LMS) home page before being given access to the course. This is a one-time orientation and will not be required for any subsequent web 2, web 3, or web 4 courses. Included in the orientation course is an e-learning student agreement form that the e-learning student must complete prior to gaining course access. It is recommended the student complete the orientation at least two days prior to the start of class.

(B) Faculty teaching classes which are not web 2, web 3 or web 4 will be responsible for orienting students enrolled in their classes on their intended use of the LMS.
