

Ohio Administrative Code Rule 3357:15-13-47 Textbook selection.

Effective: June 6, 2022

In support of the colleges strategic goalsof academic excellence and fiscal stability and stewardship, stark statecollege requires the textbook selection process to meet the standards requiredof the course as determined by the department while selecting the best costsolution. The college expects all departments and faculty to selectappropriate, high quality course materials that benefit the studentslearning experience. The policy supports academic freedom and departmentalautonomy for faculty making the textbook selections. This policy applies to theselection of textbooks and other instructional materials for use in coursesoffered by the college. Pursuant to section 133 of the Higher EducationOpportunity Act, Stark state college is required to disclose, wherepracticable, on the colleges bookstore webpage, the internationalstandard book number and retail price information of required and recommendedcollege textbooks and supplemental materials for each course listed in theinstitution's course schedule by the time that registration begins. If notpracticable, the designation "to be determined" will be used untilthe information becomes available.
