

Ohio Administrative Code Rule 3357:15-14-20 Property use.

Effective: June 3, 2019

All forms of property (including equipment, facilities, supplies, and services) purchased with Stark state college funds are intended for college business only. The use of college property must be consistent with the mission and goals of the institution. Property used by departments or divisions belongs to the college as a whole and not to any department or division to which it has been assigned. Under no circumstances is an employee of the college authorized to engage in any activity that is illegal under local, state, federal, or international law while utilizing the college's owned resources.
