

Ohio Administrative Code Rule 3357:3-2-01 Academic degrees and certificates.

Effective: July 1, 2023

The following rules of the college are established regarding the establishment, operation, alteration, and elimination of all college programs of study:

- (A) To award degrees and certificates for appropriate programs of study;
- (B) To develop and implement standards and procedures for the effective operation of programs of study;
- (C) To establish, alter, or discontinue divisions or departments through which degree and certificate programs are administered; and
- (D) To create, modify, or discontinue programs of study based upon the needs of students and employers in the college's service area and upon the optimal use of college resources.

The board of trustees shall approve all program additions, modifications, and deletions. No program of study shall be enacted without explicit approval from the board of trustees..
