

Ohio Administrative Code

Rule 3358:5-13-08 Mobile emergency response plan.

Effective: October 23, 2015

(A) Clark state community college will be able to better manage a crisis if prepared to deal with its possible occurrence before it actually unfolds. A MERP has been developed to guide the swift, unified and comprehensive reaction to a serious incident at the college and shall serve as a tool for training faculty and staff to respond to crisis events.

(B) The MERP shall provide the administrative protocol and procedures needed to deal with emergencies and crisis management situations on the college campuses.

(C) The office of the vice president for business affairs shall review and revise the MERP.

(D) The initial emergency procedures guide shall be printed and distributed to each employee and to student senate. The MERP shall be posted on the colleges web site and available as an App downloaded to a mobile device.
