

Ohio Administrative Code Rule 3361:70-5-02 Parking: administration.

Effective: June 15, 2012

(A) The use of a motor vehicle on university property is a privilege, not a right, and is made available only under the policies established in the university rules. University rules have been approved by the president of the university of Cincinnati in accordance with the Revised Code and rule 3361:70-5-01 of the Administrative Code, "Parking: Rules and Regulations." University rules apply to all university property.

(B) Responsibility for the administration of university rules and regulations as they apply to the parking of motor vehicles on the uptown campuses rests with parking services. Responsibility at "UC Blue Ash" and "UC Clermont" colleges rests with the individual campuses. The police department of public safety assists parking services in the enforcement of regulations and has primary responsibility for the enforcement of regulations applying to moving traffic.

(C) No individual or department other than parking services may grant parking privileges for their respective areas, except as may be specifically delegated in writing by parking services. All parking permits, decals and key cards issued to users of the parking system remain the property of the university and the university reserves the right:

- (1) To refuse issuance of a parking permit.
- (2) To change parking assignments as deemed necessary.
- (3) To restrict the use of any parking space, structure, or surface lot at any time.
- (4) To determine hours of control.
- (5) To determine mode of operation of any area at any time.
- (6) To revoke or recall a parking permit, decal or key card.

(D) University rules and regulations supersede all previous rules of the university with respect to the control of vehicular traffic and parking on university property and are subject to change. A complete, up-to-date edition of university rules may be found on the university of Cincinnati's website.

(E) Changes or modifications of university vehicle regulations approved by the president and filed pursuant to section 111.15 of the Revised Code will be on parking services website. Motor vehicle operators are responsible for being aware of these changes and abiding by them. Rule changes will be announced prior to the effective date.
