Effective: [November 24, 2022](#)

If the director enters into an agreement under division (C) of section 3721.31 or section 3721.34 of the Revised Code which provides for a government entity to serve as the director's designee in approving training and competency evaluation programs or train-the-trainer programs under this chapter, or that a testing service will serve as the director's designee to conduct the test under rule 3701-18-22 of the Administrative Code, all of the following apply:

(A) All items required by this chapter to be filed with or submitted to the director or the director's designee are to be filed with or submitted to the designee and not to the director.

(B) The designee performs all acts that this chapter specifies may be performed by a designee consistent with section 3721.31 or 3721.34 of the Revised Code. The director continues to perform only those acts that this chapter does not specify may be performed by a designee, or that the agreement does not provide for the designee to perform.

(C) The designee conducting the state administered test under rule 3701-18-22 of the Administrative Code is to be a national standardized testing service.
