

Ohio Administrative Code Rule 3701-21-22 Food choking.

Effective: March 1, 2001

(A) The director of health shall provide standards detailing first aid techniques designed and intended for use by a person without medical training in removing food which has become lodged in the throat of a choking victim. The director shall provide the standards by printing them for distribution.

(B) The food service operation shall ensure that the standards are readily accessible to the public and the employees of the food service operation.
