

Ohio Administrative Code Rule 3701-41-01 Definitions.

Effective: September 16, 1990

As used in this chapter:

(A) "Director" means the director of health or an official or employee of the department of health who has been authorized by the director.

(B) "Entity" means an individual, hospital, institution of higher education, political subdivision, association, corporation, or public or private agency.

(C) "Poison prevention and treatment center" or "center" means an entity designated as a poison prevention and treatment center by the director under section 3701.20 of the Revised Code and rule 3701-41-02 of the Administrative Code. In the appropriate context, "poison prevention and treatment center" and "center" also mean an applicant for designation as a poison prevention and treatment center.
