

Ohio Administrative Code

Rule 3701-49-01.3 When director may refuse to test.

Effective: June 13, 2019

The director of health or his authorized representative may refuse to accept any specimen for testing, unless the test is being performed under a contract negotiated between the department and any party or funded by a grant or other financial arrangement with the department, for any appropriate reason including but not limited to the following:

- (A) The test is one not normally performed by the laboratory;
 - (B) The laboratory does not have the necessary equipment or facilities to perform the test; or,
 - (C) The specimen does not meet the required acceptance criteria.
-
