

Ohio Administrative Code

Rule 3701-49-02 Procedures for administration of laboratory fee.

Effective: June 13, 2019

The director of health shall develop as appropriate procedures for the administration of this laboratory fee charge program to include but to not be limited to the following:

- (A) Systems for the payment and collection of fees charged by a department of health laboratory including prepurchased newborn screening kits or other system of payment as appropriate.
 - (B) Proper accounting procedures to insure all fees are collected and accounted for.
 - (C) Instructions for the submission of specimens including the protection of specimens during shipment.
 - (D) Forms necessary for making application to the laboratory for testing services, for the purchase of newborn screening kits and payment of fees, reporting of test results, and other forms as appropriate.
-
