

Ohio Administrative Code

Rule 3701-55-20 Fees for genetic services, sickle cell fund.

Effective: July 1, 2023

In addition to the laboratory fee authorized by rule 3701-49-01.1 of the Administrative Code, the director of health will charge and collect a fee of thirty-five dollars and seventeen cents for performing genetic, endocrine, and metabolic disorder screenings required by section 3701.501 of the Revised Code and this chapter. The fee will be disbursed as follows:

(A) Twenty-seven dollars and twelve cents will be deposited in the state treasury to the credit of the genetics services fund. Sixteen dollars and eighty-five cents of each fee credited to the genetic services fund will be used to defray the costs of programs authorized by section 3701.502 of the Revised Code. Seven dollars and twelve cents from each fee credited to the genetics services fund will be used to defray the costs of phenylketonuria programs. Three dollars and fifteen cents from each fee credited to the genetics services fund will be used to defray the cost of programs that provide genetic counseling and education to families of newborns with abnormal newborn screening results for cystic fibrosis.

(B) Eight dollars and five cents will be deposited into the state treasury to the credit of the sickle cell fund. Money credited to the sickle cell fund will be used to defray costs of programs authorized under section 3701.131 of the Revised Code.
