

Ohio Administrative Code Rule 3701:1-44-14 Application for specific licenses.

Effective: May 23, 2022

(A) A person may file an application for specific license in accordance with the instructions in rule 3701:1-44-05 of the Administrative Code. Information contained in previous applications, statements or reports filed with the director may be incorporated by reference provided that the reference is clear and specific.

(B) The director may at any time after the filing of the original application, and before the expiration of the license, require further statements in order to enable the director to determine whether the application should be granted or denied or whether a license should be modified or revoked. All applications and statements shall be signed by the applicant or licensee or a person duly authorized to act for and on his behalf.

(C) An application for a license filed pursuant to the requirements in Chapter 3701:1-44 of the Administrative Code will be considered also as an application for licenses authorizing other activities for which licenses are required by Chapter 3748. of the Revised Code and the rules promulgated thereunder, provided that the application specifies the additional activities for which licenses are requested and complies with requirements of the director as to applications for such licenses.

(D) Each application for a source material license shall be accompanied by the fee prescribed in rule 3701:1-38-02 of the Administrative Code.

(E) An application for a license to possess and use source material for uranium milling, production of uranium hexafluoride, or for the conduct of any other activity which the director has determined will significantly affect the quality of the environment shall be filed at least nine months prior to commencement of construction of the plant or facility in which the activity will be conducted and shall be accompanied by any environmental report required pursuant to rule 3701:1-40-36 of the Administrative Code.

(F) An application for a license to receive, possess, and use source material for uranium or thorium milling or byproduct material, as defined in rule 3701:1-44-01 of the Administrative Code, at sites formerly associated with such milling shall contain proposed written specifications relating to milling operations and the disposition of the byproduct material to achieve the requirements and objectives set forth in the appendix to rule 3701:1-44-14 of the Administrative Code. Each application must clearly demonstrate how the requirements and objectives set forth in the appendix to rule 3701:1-44-14 of the Administrative Code have been addressed. Failure to clearly demonstrate how the requirements and objectives in the appendix to rule 3701:1-44-14 of the Administrative Code have been addressed shall be grounds for refusing to accept an application.

(G) As provided by rule 3701:1-44-18 of the Administrative Code, certain applications for specific licenses filed under Chapter 3701:1-44 of the Administrative Code must contain a proposed decommissioning funding plan or a certification of financial assurance for decommissioning.
