

Ohio Administrative Code

Rule 3701:1-44-27 Conditions of licenses to initially transfer source material for use under the "small quantities of source material" general license: quality control, labeling, safety instructions, and records and reports.

Effective: December 10, 2015

(A) Each person licensed under rule 3701:1-44-26 of the Administrative Code shall label the immediate container of each quantity of source material with the type of source material and quantity of material and the words, "radioactive material."

(B) Each person licensed under rule 3701:1-44-26 of the Administrative Code shall ensure that the quantities and concentrations of source material are as labeled and indicated in any transfer records.

(C) Each person licensed under rule 3701:1-44-26 of the Administrative Code shall provide the information specified in this paragraph to each person to whom source material is transferred for use under rule 3701:1-44-12 of the Administrative Code. This information must be transferred before the source material is transferred for the first time in each calendar year to the particular recipient. The required information includes:

(1) A copy of rules 3701:1-44-12 and 3701:1-44-21 of the Administrative Code or relevant equivalent regulation of the U.S. nuclear regulatory commission or an agreement state.

(2) Appropriate radiation safety precautions and instructions relating to handling, use, storage, and disposal of the material.

(D) Each person licensed under rule 3701:1-44-26 of the Administrative Code shall report transfers as follows:

(1) File a report with the director. The report shall include the following information:

(a) The name, address, and license number of the person who transferred the source material;

(b) For each general licensee under rule 3701:1-44-12 of the Administrative Code, to whom greater

than fifty grams (0.11 pounds) of source material has been transferred in a single calendar quarter, the name and address of the general licensee to whom source material was distributed; a responsible agent, by name and/or position and phone number, of the general licensee to whom the material was sent; and the type, physical form, and quantity of source material transferred; and

(c) The total quantity of each type and physical form of source material transferred in the reporting period to all such generally licensed recipients.

(2) File a report with the U. S. nuclear regulatory commission for transfers in states in which the U. S. nuclear regulatory commission has regulatory authority or file a report with the responsible agreement state agency that identifies all persons, operating under provisions equivalent to rule 3701:1-44-12 of the Administrative Code, to whom greater than fifty grams (0.11 pounds) of source material has been transferred within a single calendar quarter. The report shall include the following information specific to those transfers made to the U. S. nuclear regulatory commission or agreement state being reported to:

(a) The name, address, and license number of the person who transferred the source material; and

(b) The name and address of the general licensee to whom source material was distributed; a responsible agent, by name and/or position and phone number, of the general licensee to whom the material was sent; and the type, physical form, and quantity of source material transferred.

(c) The total quantity of each type and physical form of source material transferred in the reporting period to all such generally licensed recipients within the agreement state.

(3) Submit each report by January thirty-first of each year covering all transfers for the previous calendar year. If no transfers were made to persons generally licensed under rule 3701:1-44-12 of the Administrative Code during the current period, a report shall be submitted to the director indicating so. If no transfers have been made to general licensees in a particular agreement state during the reporting period, this information shall be reported to the U.S. nuclear regulatory commission or responsible agreement state agency upon request of the agency.

(E) Each person licensed under rule 3701:1-44-26 of the Administrative Code shall maintain all
