

Ohio Administrative Code Rule 3701:1-49-13 Radioactive markers.

Effective: [October 20, 2002](#)

The licensee may use radioactive markers in wells only if the individual markers contain quantities of licensed material not exceeding the quantities specified in rule 3701:1-40-11 of the Administrative Code. The use of markers is subject only to the requirements of rule 3701:1-49-08 of the Administrative Code.
