

Ohio Administrative Code

Rule 3701:1-50-07 General license: NRC-approved package.

Effective: February 15, 2021

(A) A general license is hereby issued to any Ohio licensee to transport, or to deliver to a carrier for transport, licensed material in a package for which a license, CoC, or other approval has been issued by the United States nuclear regulatory commission.

(B) This general license applies only to a licensee who has a quality assurance program approved by the director as satisfying the provisions of this chapter.

(C) Each licensee issued a general license under paragraph (A) of this rule shall:

(1) Maintain a copy of the CoC, or other approval of the package, and the drawings and other documents referenced in the approval relating to the use and maintenance of the packaging and to the actions to be taken before shipment;

(2) Comply with the terms and conditions of the license, certificate, or other approval, as applicable, and the applicable requirements of this chapter; and

(3) Submit in writing before the first use of the package to:

"Attn: Document Control Desk

Director, Division of Fuel Management

Office of Nuclear Material Safety and Safeguards"

using an appropriate method listed in 10 C.F.R. 71.1(a) (as in effect on the effective date of this rule), the licensee's name and license number and the package identification number specified in the package approval.

AUTHENTICATED,
OHIO LEGISLATIVE SERVICE
COMMISSION
DOCUMENT #229269

(D) This general license applies only when the package approval authorizes use of the package under this general license.

(E) For a type B or fissile material package, the design of which was approved by the United States nuclear regulatory commission before April 1, 1996, the general license is subject to the additional restrictions of 10 C.F.R. 71.19 (as in effect on the effective date of this rule).
