

Ohio Administrative Code

Rule 3701:1-58-74 Records of radiation protection program changes.

Effective: October 4, 2010

A licensee shall retain a record of each radiation protection program change made in accordance with paragraph (A) of rule 3701:1-58-13 of the Administrative Code for five years. The record must include a copy of the old and new procedures, the effective date of the change, and the signature of the licensee management that reviewed and approved the change.
