

## Ohio Administrative Code

### Rule 3701:1-58-90 Records of decay of strontium-90 sources for ophthalmic treatments.

Effective: August 15, 2005

---

(A) A licensee shall maintain a record of the activity of a strontium-90 source required by rule 3701:1-58-49 of the Administrative Code for the life of the source.

(B) The record must include:

(1) The date and initial activity of the source as determined under rule 3701:1-58-48 of the Administrative Code; and

(2) For each decay calculation, the date and the source activity as determined under rule 3701:1-58-49 of the Administrative Code.
